**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I support broadband competition. American antitrust laws are good for the economy, consumers, and companies alike since they encourage development of technologies and products. Large and small carriers alike benefit from competition. Please say no to price hikes that keep vital services out of reach for all Americans.
